Subject: Confirmed Correct Version of the Riparian Supplemental Document FYI. Response to Comments on Forestry
Attachments: Forestry-Riparian Draft Rationale 100114_ac.docx; Forestry-Riparian Issue-9-3-14.docx; Response to Comments Forestry Only 091914.doc

Hi Steve,

You can review the riparian rationale. The other documents are FYI only. The responses to comments on riparian are undergoing technical team review so we will be requesting your review in the future. The briefing document was designed to help the managers make a decision on how to proceed...

Subject: Most Current Version of the Riparian Supplemental Document? RtC on Forestry

Hi Alan,

Is this the most current version of the riparian supplemental document? I thought Steve might find it useful to have this document while reviewing the rationale. I also included the draft responses to the Forestry comments so he has all documents available.
